“Future looking services evolution. How Internet wil re-shape our lives”

May 16, 2017 - h. 14.00

Ing. Mauro Macchi

Director at Cisco, SP Architecture - IP Optical Security

Abstract

Internet already changed our lives and much more has to come within next years. We will go thorough internet services evolution to have a look at our potential future. Service like Ultra High Definition Video , 5G Mobile services , Internet of Things will re-shape the way we live. To support this service evolution a strong networking technology improvement is needed. We will go through the main innovations enabling the future internet

The lecture will take place at 14.00 – Sala Verde – Cà Vignal – Strada Le Grazie, 15
